Re: Archaeology-Concur with Finding of No Conflict

Dear Ms. Wood:

Thank you for contacting the Washington State Department of Archaeology and Historic Preservation (DAHP). We have reviewed the document submitted to our office by Kat Kelly, Archaeologist, WDFW. We agree that this is "no conflict" with the Calispel Road Trail (45PO128) in the proposed FPA Rustlers Gulch Forest Restoration project because no evidence of 45POP128 can be located. Therefore no archaeological site will be impacted by the project and no further work or protective measures are necessary.

Please feel free to contact me if you have any questions.

Sincerely,
